### 1. Authorship Responsibility, Criteria and Contributions

**By checking the appropriate boxes below, each author certifies that**

- the submitted manuscript represents valid and original work that is not otherwise under copyright elsewhere, either in whole or in part,
- the submitted manuscript or portions thereof are not under consideration by another journal or electronic publication and have not been previously published except as an abstract (If it is presented as an abstract, information on when and where it was presented should be given on the title page of the article),
- if requested I will provide raw data on which the manuscript is based for examination by the editors and reviewers,
- if I am the corresponding author I agree to be responsible for indicating the source of extra-institutional funding, in particular that provided by commercial sources, internal review board approval of study, accuracy of the references and all statements made in the work, including changes made by the copy editor, upon review of the proof; or if I am not the corresponding author I agree to assign the aforementioned responsibilities to the corresponding author,
- I have read and approve the final manuscript; and I have made a substantive contribution to the information or material submitted for publication to take public responsibility.
