Dear Colleagues,

We are pleased to have published the third issue of The New Journal of Urology for 2024. This issue includes seven (7) original articles and one (1) review. We believe that all the current articles will be read with interest and these articles are expected to contribute to the literature and serve as a reference for future studies. The New Urology Journal has been indexed in the TÜBİTAK-ULAKBİM TR Index since the first issue of 2011. Our journal is indexed in Google Scholar, Turkish Medline, Turkish Citation Index, SOBIAD, OAJI, İdeal Online Database, EuroPub, J-GATE, and DOAJ databases, EBSCO and InfoBase Index. In addition, the New Journal of Urology is in collaboration with the Orcid and CrossRef DOI systems. The process of our journal being included in the ESCI, PubMed, and EMBASE indexes is ongoing. The editorial team is very grateful to all the authors and reviewers who have contributed to this issue. We are aware that this is a painstaking effort, and we cannot thank you enough for it. I would also like to welcome Dr. Büşra Emir, who has recently joined our team and will serve as our second statistics editor. We request that you submit your articles to The New Journal of Urology, take timely and rigorous action as a referee, and read the articles published in the journal and cite them where appropriate.

Respectfully yours,
